Trail work day: October 17th 9:00 am

One last reminder

This will be your last reminder if you have not sent in your membership for the fiscal years 2020 and 2021, and we do not receive your membership by the October meeting this will be your last newsletter.

Trail Work Day

Trail Boss Dennis Hermes and Groomer Boss Justin Hirschmann have scheduled a trail work day to take place on Saturday October 17th. If you are available to help that day please be at the club shed on Eagle River Road at 9:00 am that morning. Winter season is just around the corner and any work that needs to be done has to be done while the weather is still nice to get out there and get the trail work done. Dennis and Justin are asking if you are available to help with the trail work and you have a chain saw or any other equipment to brush trails please bring that with you.

Member Attendance Drawing

At Saturday's meeting two numbers were drawn from the coffee can. Number 11 was the first number drawn and that number was President Lonnie Swaney. Lonnie was not at the Saturday meeting. But anyway and he does not participate in the drawing being an officer of the club. The second and winning number was 4, club member John Poll. John is such a lucky guy as he has won the drawing numerous times. He was given a check this time in the amount of \$14.00 the number of people who attended the August meeting. So see how easy it is to take a little cash home like John by attending the meeting each month.

Equipment and Trail Report

Groomer Boss Justin Hirschmann reported that all the equipment is in good running condition. Trail Boss Dennis Hermes reported that trails are being groomed as needed. Remember there is a detour on Phillips Lake Rd due to logging going on in that area. Watch for signs.

Map Meetings

Alliance club rep Vice President Kelly Barnes reported that the map meetings have been held and the map is on schedule for distribution in October.

AWSC Report

Club rep Andy Malecki reported that all events for the AWSC have been canceled for the remainder of this year due to the Covid-19, however the finance committee will be holding their meeting.

28th Annual Brat Fry

The clubs annual 28th annual brat fry is coming up on October 10th at the Firelane Bar & Grill on County Rd C from 11:00 – 4:00. The club will be selling brats and burgers and also chili. Everyone is invited to attend. The club has been informed that two large groups of riders will be attending. With that in mind the committee is asking members and nonmembers to help with cooking the food as well as serving it that day. You would only be asking for 2 hours of your time. At past club events members have been asked to donate items for the bucket raffle and the committee is asking any club member who would like to do that again for this event it would be greatly appreciated. There will also be a meat raffle going on during the day as well as a 50-50 raffle will also be held. If you would be able to help in any way for this event would you please call Jill Hirschmann @ 920-366-8067 So as they say come one come all and spend a fun day with The Near North Trail Riders. Everyone is welcome.

Well that's it once again from me this month and I am hoping everyone is safe and healthy. Seems here in Athelstane we went from summer to winter well not quite that far but cooler days have been happening and long rainy days. But still some sunny days too. The trees are starting to put on their pretty fall colors. The kids are back in school were its being held with this pandemic we are all living through. Don't forget about the 28th annual brat fry coming up next month. Holy cats and jammer kids!!! (Whoops gave away my age remember that comic strip?) That's a heck of a lot of brats and hamburgers cooked through the years. This year promises to be a big crowd attending and accu weather is saying it's going to be in the high 50's and sunny that day. Hope they are right!!! Last year it was cold and blustery with snow showers. But a lot of people attended anyway. So like I said before stay safe and healthy. And like my mom always said "Get outside and get some fresh air in your lungs "

AND

In three words you can sum up everything you will learn about life: It goes on. And when you can laugh at yourself, you'll never run out of things to laugh about.
